Forecast For Grampian
Issued by Met Office Aberdeen
at 0400 on Monday 03 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mainly dry, bright morning. Cloudy afternoon with rain later. Cold.

Today:
A sunny start then clouding over with a few showers breaking out. Longer spells of rain and mountain snow spreading from the south later this afternoon and evening. Another cold day with freshening easterly winds. Maximum temperature 9 deg C (48 deg F).

Tonight:
Mostly cloudy with further showery rain and hill snow. A few drier, clearer interludes later. Fresh or strong northeasterly winds. Minimum temperature 2 deg C (36 deg F).

Tuesday:
Rather cloudy start with further showery rain, dying out during the morning. Drier, brighter weather by the afternoon with just a few showers remaining. Feeling cold with fresh northerly winds. Maximum temperature 8 deg C (46 deg F).

Outlook for Wednesday to Friday:
The showery theme will continue for the rest of the week with some drier, brighter interludes. Staying cold with showers falling as snow on hills. Also frost risk at nights.
